Dinosaur footprints and remains found on the seabed off the coast of Bale inspired the creation of the water amusement park called Paleo Park. The uniqueness of this archaeological site lies in the fact that it is the only known site in the world to “hide” dinosaur remains below the sea surface.

At Paleo Park, you can photograph yourself with the life-size replicas of dinosaurs, have fun at the swimming pool, at the spa pool with jacuzzi, at the pool slide for kids, and at the sunbathing area, or refuel with a refreshment at the Paleo Park Pool Bar and Restaurant.
